Constipated Bowels.

To have good health, the body should be kept in a laxative condition and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. G. L. THE FOURTH.

The Flag Will Wave in Ocala on the Nation's Birthday.

A way back yonder in the days just after the close of the civil war the Nation's Birthday was celebrated in one of our southern cities and Solon Robinson, one of the editors of the New York Tribune, was dispatched to attend it and report the proceedings.

He did so, and the only thing he could say adversely was this:

"The American Flag did not wave."

His letter was used as campaign literature by the republicans.

But this cannot be said of Ocala's celebration on the Fourth.

The American Flag will float from every housetop, portico, dome and steeple.

Come to Ocala on the Fourth.

I sincerely recommend it to all."
